19:20	Game Active Indoor	Robber in the Orchard All Cubs spread out in a circle. One Cub—the Robber—is sent out of the room. A Farmer is chosen, and the apple is placed in the centre of the circle. The Robber is called in, and has to grab the apple and get out of the circle without being tagged by the Farmer, whose identity he/she does not know. The Farmer can move only after the apple has been touched.
19:30	Game Instructional (Revision) Indoor	State Emblem Relay Sixes in relay formation at one end of the hall. Individual sets of cards of the various State Emblems at the other. Each six member, in turn, must run to the pile and select one of the cards (Flag, Flower etc.) for the nominated State. First team to correctly select all of the cards (Name, Map, Flag, Emblem, Coat of Arms, Flower, Bird, Animal) for the nominated State wins.

20:10	Game Sense Training Indoor	The Red Flower Based on Jungle Book story of Mowgli, stealing into a camp at night to light a stick on the camp fire and then returning to the jungle. All cubs except one blindfolded and sitting, spaced out, around hall. Noisy object (cluster of bells, keys etc.—the Red Flower) in centre of hall. Cub who is not blindfolded must walk from the perimeter of the hall to the centre, retrieve the 'noisy object', and return to the perimeter without being heard and touched by one of the blindfolded cubs. Blindfolded cubs may reach out with their hands if they hear a noise near by, and try to touch the cub who is trying to steal the Red Flower. They cannot reach out at random—there must be a noise, or reason to reach out. They can also only sweep their hands around once, then must return them to their laps and wait again.

Human Caterpillar

Players in relay formation. The first player in each group stands with feet apart. The next bends over in the leap-frog position. Positions alternate in this way for each group. At the signal, the last player in each group crawls under the legs of the player in front, vaults over the next, and so on until he/she has reached the head of the line. This player then runs to other end of the hall, tags the wall, runs back, and joins the front of the line, standing with legs astride or in the leap-frog position as appropriate. Note however, that while the player is running to the end of the hall and back, the other players change their position (either from feet apart to leap-frog, or vice versa). As soon as he/she is back, the next player starts up the line in the same manner.

The game continues until all players have run. The first team finished, at attention in a straight line, is the winner.

Overtake

Cubs form a circle. Number off from 1—an even number of players is necessary. Even numbered Cubs in one team, odd numbered Cubs in the other. Give one ball to Cub #1 and another to the even-numbered Cub directly opposite. On the signal, Cubs pass the ball clockwise to the next member of their team (i.e. every second player) so that both balls travel in the same direction. The object of the game is for one team to try to catch up and overtake the ball of the other team. If the ball is dropped, the person responsible must retrieve it, return to their position and pass the ball again.

Spotlight

One Cub, the torchbearer, is given a torch and 60 seconds to 'hide' outside. The rest of the Pack must find the torchbearer, approach and tag him/her, without being 'spotted' moving.

The torchbearer must not move from their original 'hiding place', and must flash the torchlight at least once a minute.

Cubs are 'spotted' if the torch beam 'hits' them while they are moving. The torch must only ever be lighted briefly (5 sec max), and cannot be 'panned'—i.e. the torch must be pointed, then flashed, pointed, then flashed etc. The aim (for the torchbearer) is to catch a Cub moving in the torch beam, not to keep a Cub in the beam until they move.

Skin the Snake

This is an exercise in flexibility and coordination.

Sixes in lines, one member behind the other, with legs apart. With the exception of the last Cub in each line, Cubs bend over and hold their right arm between their legs. With the exception of the first Cub in the line, Cubs take hold of the (right) hand of the Cub in front of them with their left hand. Hands must remain clasped together throughout the following exercise.

The Cub at the end of the line now lies down on the floor, sliding beneath the legs of the Cubs in front as needed to keep hands clasped together. The line of Cubs gradually moves back over the Cub lying on the floor. As a Cub passes over the Cub who was behind them, they too lie down on the floor, with their legs straddling the Cub (lying down) in front, and as close as possible to the Cub (lying down) in front—remember, hands should remain clasped throughout.

When the Cub who was at the front of the line passes over the Cub who was behind (when in line), and lies down on the floor, the snake has been skinned!

Reverse the process, all the time keeping hands clasped together, to complete the game. First Six finished and at attention is the winner.

Stamp Stalking

A stamp is placed somewhere around the hall. It must be at a height for all to see. Cubs are to walk around looking. When a Cub sees the stamp, they sit down, but not right near it (for that would give away the location!).

Suitable places for the stamp can be on a poster, on a uniform, or on a similar coloured background.

Steps

Cubs take up any position, standing on the floor of the Hall. One Cub is blindfolded—his object is to touch one of the other Cubs. Cubs may take a total of three steps only, in any direction, to dodge the blindfolded Cub.

When a Cub takes his/her first step, he/she places one hand on his/her hip. After the second step he/she places his/her other hand on his/her other hip. After the third step he/she folds his/her arms. This enables every player to see at what stage the others are.

After a Cub is touched, he/she becomes the blindfolded Cub, and the others are allowed three more steps. Change the blindfold periodically if progress is slow.
